## EXPERIENCE

### **SAIC, Huntsville, AL — Senior Environment Artist**

December 2011 - PRESENT

Helped Ship America's Army Proving Grounds for the PC.

High poly mesh sculpting using Max and Zbrush 4R6.

Texture baking from high to low poly geometry using 3D Studio Max and Substance.

Create tiling textures using Zbrush such as brick, concrete, etc.

Also helped create decals, hit FX, particles, and post FX in UE3 for Proving Grounds.

### **Atomic Games, Minneapolis, MN — Environment Artist**

July 2007 - February 2011

At Atomic Games I worked as an Environment Artist on Six Days in Fallujah(AAA title for the Xbox360), Breach(Shipped for Xbox360 and PC), an FBI training simulation called JSS, and a paramilitary training simulation. Some of the things I worked on at Atomic include:

- Helped troubleshoot and prototype new modular model and texture sets for Six Days in Fallujah.
- High poly mesh sculpting using Max and Zbrush 4.
- Texture baking from high to low poly geometry using 3D Studio Max and Xnormal.
- Destructible & Non-destructible building and prop creation using Atomic's proprietary destruction pipeline.
- Created vehicles, props, and an interior for Breach.

### **Turn 10, Redmond, Washington — Contract Environment Artist**
